

New League Rules

At the start of the next League we are splitting the GT12 & LMP Classes into 3 Groups see below to see which group you wish to be in.

Weekly heat allocations will not change from how we have done it for over 35 years which is based on the previous weeks FTD list regardless of which League you are in.

Point's allocations will be awarded to the people in each league each week and like before it will be the best 7 score out of 11.

Leagues.

GT12-F1

Will only be allowed to run the tyres as listed below.

Supastox and Supastox GT cars.

Front Tyres JMCF.

Rear Tyres JMCR.

Atom and Zen GT cars (3 stud fixing).

Front Tyres JGCF.

Rear Tyres JGCR.

GT12-F2

Any other Tyre type.

GT12-F3 LMP

(Only tyres from the following list will qualify for the league)

Front Tyres

JT30FA.

JT32FA.

JT35FA.

Rear Tyres

JT28RA.

JT30RA.

JT32RA.

ALL cars must still run to BRCA specification especially with regards to batteries, motoes and ESC.

If we get enough entries to formulate a heat for the LMP cars to run on their own we will split them which will be at our discretion, GT cars and LMP cars run together at the le Man 24hour race.
